CITY COUNCIL MAKE PARK SURVEY TODAY

WILL COMPLETE DRAFT OF TREE PLANTING ORDINANCE TONIGHT

TO BEAUTIFY STREETS

Effort Made to Have All Streets Uniform—Property Owners Granted Vacation of Alley.

Mayor W. O. Garrett and the city commissioners, R. J. Curfman and C. F. Remus made a complete tour of the city streets today making a survey of all parkways preparatory to the drafting of an ordinance permitting the planting of trees in the park way. A formulating of such an ordinance has been before the city council for some time and was scheduled for a meeting held last night but the work was held over until tonight in order to allow the survey to be made today.

The planting of trees in the park ways will be governed by the general ...on of the property adjoining, as the intention of the city council is to create such an ordinance as will beautify the streets and create sufficient shade without causing obstruction.

A petition filed by the property owners in block four, third ward for the ...n of an alley in the east and west half of the black was acted upon favorably by the council at last night meeting. The property owners making the request were Mrs. Vada Halley Mrs. Sarah Crosby, Mrs. Margaret Tooher and T. B. Neal.

The remainder of the session was devoted to the allowance of bills. The meeting will be resumed at 7:30 o'clock tonight to complete the revision of the parkway ordinance.

CHRISTIAN PASTORS HOLD COUNTY MEET

WILL GATHER AT BURLINGTON JUNCTION FOR CONFERENCE.

PRE-EASTER CAMPAIGN

Will Conduct Week of Evangelistic Services in Each of Nineteen Churches of County.

A meeting of all the pastors of the Christian churches of Nodaway county will be held at Burlington Junction tomorrow to plan the pre-Easter evangelistic campaign.

There are nineteen churches of the Christian denomination in the county with eight resident pastors. These pastors are Rev. R. E. Snodgrass, pastor of the First Christian church, Maryville, Rev. D. D. Gillespie, Hopkins, Rev. W. A. Chapman, Pickering, Rev. W. H. Rust, Burlington Junction, Rev. Hugh McClelland, Skidmore, Rev. S. D. Harian of Graham, Rev. George W. Maxwell of Burlington Junction and Rev. Thomas Young of Bedison.

The plan is to have a week of special services in all churches preceding Easter Sunday, as a part of the general evangelistic campaign, carried on by the Christian denomination.

This service will be in the hands of the ministers and gospel teams in the churches of the county where there are no regular pastors, this weeks meeting will be held during the week from March 22 to Sunday March 28, and will be conducted by gospel teams aided by the pastors. A similar service will be conducted the following week by the pastors in their various churches, this week service beginning March 29 and closing with Easter Sunday.

A number of the churches in the county are in charge of pastors resident of the adjoining district in outside counties, and services will be held in all these churches so that the campaign will be carried on alike at all places in the county. Specific plans for this work will be made at the conference tomorrow.

TO ATTEND MEETING OF STATE BOARD AGRICULTURE

May Add Prizes for Winners of Pig and Calf Clubs to State Fair Lists

C. D. Bellows left last night for Jefferson City to attend a meeting of the state board of agriculture, of which he is a member. Mr. Bellows also represents the Maryville Chamber of Commerce at a meeting of representatives of the Missouri association of Commercial clubs, held in connection with the agricultural board meeting.

One of the matters to be discussed by the board of agriculture is a proposition to add to list of state fair prizes a class for the winners of the various big calf and pig clubs through out the state. This is especially interesting here because of the club organized last fall by the Farmers Trust company which has seventy two members and these boys and girls will have an opportunity to compete for the prizes.

COURTNEY CHILDREN APPEAR IN KANSAS CITY FASHION SHOW

Advanced Styles for Little Folks Displayed on Living Models is Attractive Event.

Ellen Elizabeth and Katherine Courtney, the daughters of Mr. and Mrs. W. E. Courtney of Kansas City and grand daughters of Mrs. A. T. Stinson of this city appeared Monday and Tuesday afternoon in the advanced fashion show of children's apparel at the Emery-Bird Thayer store in Kansas City when garments were shown on living models.

The show was held from 2 until 4 o'clock and the living models included twenty of the most attractive children in Kansas City. Following the fashion show a party for the children and their mothers was given in the tea room of the store. The event was one of the niftiest small folks fashion showing ever held in Kansas City.

Last week the Courtney children presented a program for the Boys club of the Northeast high school which was given at the Budd Park Christian church. The Courtney children possess wonderful talent and charm and have appeared in some of the leading events and entertainments given in Kansas City.

OXFORD CLUB TO GIVE BENEFIT PLAY

FIRST PUBLIC EVENT OF METHODIST BOY'S ORGANIZATION

TWO ACT MUSICAL COMEDY

Entertainment will Include Five Musical Hits with Chorus of Twenty-five Voices.

The Oxford club will present its first benefit entertainment Tuesday night of next week at the Empire theatre when the boys will stage an attractive two act comedy, replete with fun, melodious music, hilarious hits and snappy specialities of the sort that will make a clean entertaining theatrical production to which all their friends are invited.

Of course every one is to bring a little "kale seed" for this is the object of the entertainment to obtain funds to add to the up keep of the Oxford club rooms and to buy books and literature.

The Oxford club is composed of the boys of the First Methodist congregation and its advisory board include Dr. G. S. Cox, L. B. Tracy, E. M Houchins and George B. Baker. The officers are Harold Houchins, president; Harry Price, vice president; Ray Hull, secretary and Arthur Garret, treasurer.

The play to be given next Tuesday night is entitled "The Winning Widow", a two act musical comedy directed by Miss Bess Scott. The choruses are especially attractive and during the play there are five musical specialties given by soloists supported by a chorus of twenty five boys and girls. A quartet composed of Cliff Hull, Russel Allen, Floyd Foreman and Lee Maier will also give some special numbers.

The characters in the comedy are taken by Dr. Jessie Clark who appears as the leading lady, taking the part of Mrs. Snowden, the "winning widow" Merle Seleeman in part of leading man appearing as Reginald Wright, playing opposite to Miss Clark and Miss Ruth Miller, Miss Lucena Fenton, Miss Glayds Bookman and Martin Lewis, Jr.

Rehearsals are going on nightly and no detail of stage effect or action is omitted to make the presentation a high grade entertainment.

CHARGES NAVY DEPARTMENT WITH SHIPPING LOSS

Admiral Sims Testifies that Failure to Act Lost U. S. 2,500,000 Tons of Shipping

Washington, Mar. 10.—Admiral Sims today charged the navy department with causing the loss of two million five hundred thousand tons of allied shipping through its failure to act promptly in the first six months of the war, in his testimony before the senate sub-committee investigating conduct in war by the navy.

PROMINENT MAN CHARGED WITH CRUELTY TO ANIMALS

William H. Taylor Alleged to Have Allowed Animals to Starve on Farm Near St. Louis.

Clayton, Mo., Mar. 10.—William H. Taylor of St. Louis, secretary of the national farm loan association, was to appear in court here today to answer charges of allowing live stock to starve on his farm about eight miles from here. Assistant prosecuting attorney Brooks of St. Louis county, who visited the farm, charges in his warrant that he found but one and a half bushels of oats for the feeding of 42 head of livestock, which had been left in charge of a twelve year old boy. Brooks charges he found the carcasses of four animals which had been dead for some time, a horse and a cow which apparently had died the day before, and a colt and a cow dying from starvation.

CONFISCATE FIFTEEN BARRELS HOME MADE WINE.

St. Louis, Mo., March 10.—Alone and forlorn, fifteen barrels of home made wine are traveling the long, long trail through St. Louis sewers this afternoon. Mortuary ceremonies, sans friends and mourners, were held in the dim recesses of the sub-basement of the federal building, where a heartless prohibition enforcement agent banged in the barrel heads and allowed the sparkling beverage to gurgle its mournful way into a sewer opening.

The fifteen barrels were seized in a raid last Thursday on a Washington street wareroom. No one came forward to claim it, hence the government had no case in which to use it as evidence, and the federal building sub-basement, being packed to capacity with like barrels, the execution was ordered. Each barrel contained fifty gallons.

NO MORE EUROPEAN LOANS

Ask Plans of War Department on Returning Bodies of American Dead from France.

Washington, March. 10—The new compromise on article ten which the Republican and Democratic senators have been working on was withdrawn by the Republican leaders this afternoon because of the failure of enough Democratic senators to pledge themselves to support it.

Washington, Mar. 10.—Reports that the "wet" part of the Democratic party may control the San Francisco convention sufficiently to insert a Wet plank i nthe party platform, do not make a deep impression on W. J. Bryan, according to a telegram received from him today by the International News service.

Washington, Mar. 10.—The United States will make no further loans on European nations was announced this afternoon by secretary of the treasury Houston.

Washington, Mar. 10.—The treasury department is opposed to the plan of McAdoo to reduce taxation by a billion dollar bond issue was officially stated today.

Washington, March 10.—The revolt of the Democratic senators against the president sufficient to insure the ratification of the peace treaty is the base of the Lodge reservation program threatened today. At a conference held in the office of Senator Owen, Democrat of Oklahoma, there was considerable talk of senators hitherto regarded as staunch administration supporters, voting on ratification "according to the dictates of Owens' conscience," not according to what the president wanted.

Chicago, March 10.—Vigorous denial that anyone connected with the presidential campaign of Wood will attempt to unseat Hays as chairman of the Republican national committee after the presidential chairman has been chosen was made today in a statement by Colonel Proctor, chairman of the Wood campaign committee.

Washington, March 10.—The senate today adopted resolutions calling on Secretary Baker to report the war department plans to do about the bodies of American dead in France.

Bloomers Classed as Luxury.

Detroit, Mich.—Though the indignation of Detroit women taxpayers may be aroused at the ruling, John A. Grogan, collector of internal revenue, announces that he is going to be firm in maintaining that pettibockers, knickerbockers, bloomers, an dthe like are, in taxpaying nomenclature, simply underwear. In making this ruling, the collector blushed.

Underwear is much more simple and comprehensive. Collector Grogan says. He advises Detroit women to list them as underwear to avoid possible embarassment later.

"There's a luxury tax on bloomers the same as underwear," said Collector Grogen. "We are not curious to learn who in Detroit wear bloomers and who do not. The wearers can protect themselves by simply adhering to my rule."

What causes Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals dont digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A Missouri Woman's Experience

Vera Cruz, Mo.:—"I was in poor health last fall and was not able to do all my work; I had a dull headache all the time, and my memory was poor. I also had a hurting in my back and one of my legs would take spells of hurting and would feel numb, or dead. I could not sleep good at night—did not eat much and my nerves were in bad shape, so I decided to write to Dr. Pierce, of Buffalo, N. Y., which I did. He said for me to take the 'Favorite Prescription' and the 'Golden Medical Discovery' also some 'Pleasant Pellets' (all of which I got at the drug store) and I soon began to get better. All these symptoms have left me and I feel like a different woman. Am able to do all my work and tend my garden."—MRS. MARTHA JEFFERSON, Box 4.

"Weak, Nervous and Thin"

St. Joseph, Mo.:—"I became all rundown in health due to woman's weakness I was weak, nervous and got very thin. I doctored and took different medicines for this condition but did not get any relief until I began taking Dr. Pierce's Favorite Prescription and it soon restored me to health and strength. I was so completely cured of this condition that it has never given me any trouble since.

"My father took the 'Golden Medical Discovery' for a catarrhal cough and it gave him relief where all other medicine had utterly failed."—MRS. J. W. EVALSON, 2801 S. 23rd St.,

"Weak, Run-Down and Nervous"

Hannibal, Mo.:—"I have taken Dr. Pierce's Favorite Prescription as a tonic when I was weak, run-down and in a very nervous condition, and found it was just what I needed to build me up and give me strength. It did me so much good that I can safely recommend it to others."—MRS. MARY KRAFT, 409 Fulton Ave.

In Memory of George Hartman.

He went for a walk one morning
Down through the valley of Death
The valley was blooming with flowers
A place for the weary to rest.

No shadow appeared on his pathway
All shining and bright was the road
He had left all his sorrows behind him
He had started to meet his God.

And he came at last to a river
The river of death was its name
Not a ripple or wave stirred its bosom
It always was flowing the same

So calm and so peaceful its journey
It needed no banks at its side
To hold in its waters for Jesus
Was acting Himself as its guide

Twas but a step to cross over
But he knew that Jesus would come
And when he saw Jesus approaching
He knew that his journey was done

He then left this world behind him
Joined hands with the Saviour and then
Stepped over in Heaven and the Angel
chanted Hallelujah Amen and Amen.

But Father and Brother we miss you
It seemed hard to let you go
The lessons you've taught us will help
To put our trust in Jesus also

Your friends in the church how we miss you
You labored so faithful and true
But we all hope to meet you in Glory
When with earth and its battles we're through

We bid thee farewell not in sorrow
For we know thou hast reached the goal
And we say with our hearts filled with glad news
It is well, it is well with thy soul.

SEVEN CAPTURED RED CROSS WORKERS IN SIBERIA CAFE

News Brought by Captain Charette of California, Who Traveled 800 Miles by Sled.

Washington, March 10.—News of the welfare and the first detailed account of the capture of seven American Red Cross workers in Siberia by the Bolsheviki was contained in a cable dispatch to national headquarters of the Red Cross today. Capt. Edward Charette, Stockton, Cal., one of the captives, was released by the Reds and given passage through the lines to carry news of the safety of the captives to American Red Cross headquarters at Irkutsk. He was considerably delayed by being forced to travel 800 miles by sled, disrupted and congested railroad conditions preventing travel by any other method.

Earlier dispatches carried news of the capture of but four American Red cross workers, but names of three others were brought by Captain Charette. The seven taken by the Red forces when Krasnoyarsk was captured are: Capt. Edward Charette, Stockton, Cal.; Alexander C. Tweedie, New York Club, West Fortieth street, New York City; Otto W. Lowe, 282 West Seventy-seventh street, New York City; Joseph R. Mehill, Jarosa, Colo.; Harry J. Donnalley, 4051 West Sixth street, Philadelphia, Pa., and 1900 Pacific avenue, Atlantic City, N. J.; William H. Ford, Kingston, Okla., and H. N. Bonzo, Manilla.

With the exception of Donnalley, who is suffering from a broken leg, and Tweedie, who after recovering from scarlet fever is now slightly ill with typhus, all members of the captured party are well.

Immediately after their capture the Americans were ordered to Moscow, but after some discussion were permitted to stay at Krasnoyarsk. Captain Charette was ordered to Irkutsk to report the safety of the captives.

DEMOCRATIC STATE NEWS

Congressman Edward Hays voted for that Esch-Cummins railroad bill, in congress last Saturday. We will be glad to hear him explain this vote to the railroad men and shippers when he gets back home to render an account of his stewardship.—Dexter Statesman.

It is true that the Globe-Democrat's leading editorial spirit leads out along high and safe lines, in a measure free from petty partisan rancor, but the news columns are freighted with the same cunning vituperation that has ever characterized the political methods of the Globe-Democrat.—Current Local, Van Buren.

Republicans of the Eighth district at their convention in Jefferson City recently carefully refrained from naming a woman as a delegate to the national convention at Chicago. When it comes to bestowing honors which do not interfere with its shaping of party policies, the reactionary "old guard" always will be found willing to give them to women.—Capital News, Jefferson City.

Democrats assert that if the Republicans would quit thinking of the political capital they want to make and bring out an honest, frank, business like proposition they would find a united congress behind them. The Democrats are ready to do the right thing by the soldier no matter how he votes.—Potosi Independent.

Washington,—"Don't make any mistake about the president; we found him cocky as hell."

So one of the three railroad union chiefs who recently saw the president on the White House portico told his associates here from the outside districts to attend the wage conference.

"He sat there with a blanket around him; we didn't see his left hand. He had a golf cap perched on one side of his head. He sure looked cocky. Lee told him the profiteers were making all of the trouble. He told Lee he'd like to get a good chance at them. 'I'd like to put them in the front line trenches,' he said.

"The president is thinner than he was. He has lost a lot of weight and his face looks longer, but he seemed to be coming along all right. And I said we didn't see his left hand, but I'll tell the world there was nothing the matter with his right. He's got a grip like a prize fighter."

No, there are no profiteers in hell. The devil is careful of the company he keeps.—Salem Post.

A man named Middle has announced for the Republican nomination for congress from this district. He must not complain if the others play both ends against him.—Lexington News.

Little Willie Hays told the Ohio Republican convention Monday that there was "too much greedy politics." This is the first time to our knowledge that Willie has told on himself or his party.—St. Joseph Observer.

Here is part of a dispatch sent out from the Third district, seven days before the election: "The Republicans here are contending that the choosing of John E. Frost will indicate the repudiation of Wilson and the success of the G. O. P. on anti-Wilson policies."—Canton Press.

Col. George Harvey, who assumes to know more about the ins and outs of the political game than anyone else, and isn't afflicted with modesty in the telling of it, finds his greatest delight in knocking on President Wilson. Probably the colonel hasn't yet learned the important fact that the country refuses to get excited over his diatribes, and really doesn't care a hang what Colonel Harvey thinks, says or does. It is a sad fact, but we cannot disguise it, even for so great and good a man as Colonel Harvey.—Glasgow Missourian.

Richard A. Jackson, a negro aged nineteen years, has been appointed principle candidate for West Point from St. Louis by Republican Congressman L. C. Dyer.—Fayette Advertiser.

The Democratic party believed in the people, was ready to trust them, and in protecting them against the encroachments of power whether represented by officials or wealth. The opposite course by the Republicans has worked great injustice, as will be shown further along.—Shelbina Democrat.

Governor Gardner is to be commended on the stand he takes with reference to the duties of the Democratic state convention which will be held in Joplin April 22, 1920. The governor said: "It must be a harmonious meeting of Democrats for the purpose of selecting delegates for the San Francisco convention, who in turn, will choose a Democrat at San Francisco who will be the next president of the United States. We want no disturbing elements at our state meeting; we want no resolutions from any district which will tend to divert the business of the convention from its regular channels. We need all the Democrats we can get at the next election and we want nothing to occur at this meeting which will tend to drive away or anger any Democrat—a house divived against itself cannot stand."—Milan Standard.

Mrs. Antoinette Funk says: "Large numbers of women who have failed previously to make any definite party affiliations are joining the Democratic party," she said. "They feel that it represents the party of progress, that it stands for liberal thought and constructive policies. No party ruled by reactionaries can have a hearing with the women. The Democratic party is making a big appeal to the women because it stands for individualism. The Republican party is the party of class and of privilege. It stands for group representation rather than for the rights of the individual. Woman is first of all an individualist."

Bluegrass Trophy to Missouri.

The silver loving cup offered by the Daily Drovers Journal of Chicago was won by A. H. Merlickes of Knox county, Missouri, with stalks measuring 83¼ inches in height, which he plucked from a hedge fence row. There were nine entries in the contest and strange to relate, Kentucky, from time immemorial known as the "Blue Grass State," was lowest in the list. The standing follows:

Missouri—83¼ inches.
Iowa—77 1-8 iches.
Illinois—77 inches.
Indiana—64 inches.
Wisconsin—60 inches.
South Dakota—57½ inches.
Ohio—54 inches.
North Dakota—42 inches.
Kentucky—41½ inches.

Missouri Prize Leghorns.

The quality of Missouri's best White Leghorns is to be shown to Mexican breeders through a trial shipment which has recently been made from the farms of E. E. Lewis, Holden, and E. G. Bultman, Jefferson City according to announcement by J. R. Cavanaugh and Jewell Mayes of the state marketing bureau. Twelve birds comprise this initial shipment which has been made to the Representative General of the Republic and upon the quality of which will depend the placing of additional orders for 200 birds of this same breed, with Missouri fanciers. All of the birds shipped have been carefully selected from high egg producing strains and include among them, the male which was first cockrel for the breed at the 1919 Missouri State Fair.

IN CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. Is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonic from roots and herbs gathered from the forests.

One of these formulas was handed down to the white man and for more than fifty years has been used as S. S. S. which is recognized as the best known blood medicine on the market.

This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily.

And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

This Morning a MAYTAG

Would have done your washing in an hour and it would have cost you very little labor and but a few cents for electric current.

The MAYTAG is the easiest kind of washer to handle and it does its work perfectly and quickly.

The wood tub with tight cover keeps the water boiling hot from the time the washing starts till it is finished.

The peg dolly swirls the clothes swiftly and firmly through the hot suds, thoroughly cleaning them without any dange rof injury.

The washer and wringer are both controlled with a small lever on top of the machine where it can be reached easily. The wringer will swing out over the tubs or baskets allowing clothes to be wrung while the washer is running, or it can be run independent of the washer.

The MAYTAG is the most reasonably priced electric washing machine considering its absolute dependability.

The Range Eternal

We believe we have one of the best cooking ranges that ever was made. It is a malleable iron range made by the Engman-Matthews Co., who have been making ranges for the last generation.

This range is built with Parker Rust-Proof top and Eternametal flue lining, making it absolutely rust-proof and in reality an eternal range.

Eternametal is a metal made of copper amalgamated with steel, fused into a permanent non-rusting metal. This range has a fifteen-gallon copper reservoir, is a six-hole top, has oven thermometer, top warming closets, convertible grates and large fire box for coal or wood, and is a handsome stove trimmed in nickle. It is sold at a reasonable price for its quality.

We want you to see the range eternal.

THE UNIVERSAL CAR

The Garden farmer will find the Ford Model T One Ton Truck an especially valuable factor in his business because of the flexibility as well as the reliability of the service given by this splendid truck. The worm-drive of manganese bronze carries all the power of the motor to driving the Truck, and there are combined in larger and heavier form all the elements which have made the Ford Model T Car the greatest motor car in the world in point of service. The Ford Truck with its worm-drive is most economical in operation and maintenance. There is very little, if anything, to get out of order at any time; there is the simplicity in control; there is the convenience in the flexibility of the car, it will turn in a circle of forty-eight feet; it accommodates itself to narrow alleys, and it "stands the gaff" of hard work day after day, and month after month, to the great satisfaction of the owner. There is hardly a line of business activity where the Ford One Ton Truck is not really a necessity. Come in and talk it over.

Willard STORAGE BATTERY

EVERY minute a battery works there is evaporation going on, but it affects the water only—never the acid. No matter how old the battery may be it has its full supply of acid, and that acid keeps its strength unless some of it happened to spill out. Water is the only thing that should ever be put into your battery and only enough of that to keep the solution within a quarter-inch of the tops of the plates.

BOOKS FOR EVERYBODY MOVEMENT PLANNED

State Directors Will Raise Funds to Extend Work of Library Association.

New York.—Following a two weeks' conference, regional directors for the "Books for Everybody" fund of the American Library Association are returning to their respective sections of the country to put into immediate operations the organization plans evolved.

The project of the association for which the regional directors will obtain financial support calls for the promotion of library service throughout the nation, in an effort to increase the knowledge and appreciation of American ideals and institutions, especially among the 15,000,000 new Americans of the United States. Library extension measures it is held, will help to solve social and economic problems by affording opportunity for self-education to the millions to whom it is now denied because of the lack of public libraries. In co-operation with State library commissions, the association will work for the extension of the county library system in every section of the United States.

For Missouri, Kansas, Iowa, Nebraska and Colorado, Willis H. Kerr, librarian of the State Normal School at Emporia, Kan., will serve as regional director. State directors will be appointed immediately to assist in the national appeal for the fund of $22,000,000 which is to carry out the work for three years. The fund will be obtained through the efforts of librarians, library trustees and friends of libraries, without resorting to an intensive campaign.

The association will promote library service in industrial plants for the purpose of imparting expert knowledge. Continuation of the A. L. A.'s library service on all ships of the merchant marine, at lighthouses and coast guard stations, and in hospitals of the Public Health Service, and the publication of more books for the blind in the uniform Braillo type recently adopted are other important features of the movement.

MINNEAPOLIS GIRLS WRITE TO BOSTON FOR HUSBANDS.

Boston.—Marriageable men of the "right sort" are apparently as scarce in Minneapolis as "ward Eights" in Boston. Four lonesome girls in that city have asked Police Superintendent M. H. Crowley to find them a mate. One "not fond of the kind with cars" writes as follows:

"I've read the advertisement that people have sent to Minneapolis for either wife or husband, whichever the case may be, and I think they've all proved successful and here's hoping mine will also. I'm going to ask you to help me find a husband. We girls can't seem to find the right sort of men in Minneapolis, and if I should get too many answers there are three others willing to help out, but afraid to write first. Now I'm going to ask you to help out four girls lost in a big city. I would like a man between twenty-four and thirty with a good steady position (not fond of the kind with cars) with a lovable disposition—not particular about looks, just so he's a good man. I'm sure he won't be disappointed in looks or character when he meets or hears from me.

"Thanking you in advance and hoping you'll try your best to help. Address Miss Laura Meyers.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

STATE PROSPEROUS SPITE OF H. C. L.

ILLUSTRATED BY FACTS ON ISSUANCE OF AUTO LICENSES

CREDIT OF GOOD ROADS

Secretary of State Deposited for Fund Over One Million Dollars for 1920 Auto Tax.

Jefferson City, Mar. 10.—That prosperity has full possession of Missouri and will be much in evidence throughout the entire years regardless of the high cost of living, is vividly illustrated by some facts and figures just given out by Secretary of State John L. Sullivan, dealing with the remarkable increase in issuance of automobile state plates and licenses during January and February 1920, as compared with the same months of both 1918 and 1919.

Automobiles are still classed as costly luxuries, especially with the prevailing high cost of gasoline and accessories, and the ever increasing price of the care themselves regardless of how plentiful they are everywhere, and for this reason the number in use serves as an efficient barometer on which to gauge prosperity of a state.

The annual day for renewing automobile plates and licenses in Missouri is February 1 of each year. January and February are the months when the automobile department of the Secretary of State runs day and night, including holidays and Sundays to keep apace with the demand for new plates and licenses. During the months of January and February 1920, Secretary of State Sullivan issued 189,295 owners' plates, thereby breaking all previous high records in this respect, regardless of the fact that half of the working force were la grippe victims most of those sixty days. In January and February 1919, when 129,317 plates were issued, as compared to 129,848 for the same two months in 1918, it was thought the high water mark had been attained. The 1920 plates issuance record, exceeding that of 1919 by nearly 60,000 plates, constituted a gain of over 47.9 per cent over that of the previous year.

To further indicate the in crease of Missouri prosperity, 1920 over any year in the chronicles and legend of the state, during the two months considered in this treatise James O'Connor, supervisor of the state automobile department, reported to Secretary of State Sullivan, that in addition to the plates to car owners, 1,693 plates were issued to dealers, as compared to 1,285 dealers' plates during the same months of 1918. This increase in Missouri automobile dealers and selling agencies in a year nearly 32 per cent is accepted by criterions on the industry as indicating that the Missouri automobile business, 1920, will exceed that of 1919 by fully forty per cent.

Other 1920 achievements of Secretary of State Sullivan's automobile department include the issuance of 3,233 duplicate dealers' plates; 1,277 motorcycle plates and 15,575 chauffeurs' badges. The gains in issuance of such plates and badges, 1920, over any previous years record were as marked as for owners and dealers plates.

The St. Louis branch of Secretary of State Sullivan's automobile licensing department in January and February of 1920 issued plates for and registered 43,775 car owners, badges to 7,264 chauffeurs and plates to 518 motorcycle owners. The Kansas city branch the same two months 1920 issued plates for and registered 29,150 car owners and for 293 motorcycles, and also 2,029 chauffeur badges and the St. Joseph office 7,708 car owner plates, 242 chauffeur badges and 91 motorcycle plates.

For the months of January and February 1920, Secretary of State Sullivan deposited in the State Treasury to the credit of the good roads fund, the sum of $1,012,152.20. Such are the the indications of a record breaking year of prosperity for Missouri during 1920.

Spencer Would Be a Delegate.

Washington, March 10.—Reports from Missouri that Senator Spencer would not ask the Republicans to send him to the national convention at Chicago as a member of the "big four," were stated to be incorrect by the senator today. He feels that as the unbroken custom in Missouri has been to send the senators to the convention and that as the party's one senator, he is entitled to a place on the delegation and will ask for this honor from the state convention.

WAR BOND CHIEF AIDS CHURCH DRIVE

LEWIS B. FRANKLIN, U. S. WAR LOAN DIRECTOR, HANDLES FINANCES OF EPISCOPAL CAMPAIGN.

New interest and assurance of success has come to leaders in the nation wide campaign of the Episcopal church in this country with the announcement that Lewis B. Franklin, director of the war loan organization of the treasury department in the government's fifty-one and Victory loan campaigns, has agreed to handle financial details.

Mr. Franklin, who for years was vice president of the Guaranty Trust company of New York, and is recognized throughout the country as one of its most efficient financiers and business organizers, has been elected to membership in the executive and appeals committee of the national emergency of the campaign. His appointment adds another notable business leader to the number who are giving their services to promote the movement. Larger participation of business men in the work is expected as the result of Mr. Franklin's influence and active assistance.

BLESSED RELIEF IN SIGHT

At Last, Sufferer Saw Where He Was Going to Be Rid of That Porous Plaster.

Wild and disheveled, watery of eye and trembling of limb, he burst into the dentist's consulting room and addressed the molar merchant in gasping tones:

"Do you give gas here?"

"Yes," replied the dentist.

"Does it put a man to sleep?"

"Of course."

"Nothing would wake him?"

"Nothing. But—"

"Wait a bit! You could break his jaw or black his eye without him feeling it?"

"My dear sir! Of course I—"

"It lasts about half a minute, doesn't it?"

"Yes."

With a wild whoop of joy and relief the excited man threw off his coat and waistcoat.

"Now," he yelled, as he tugged at his shirt, "get your gas engine ready. I want you to pull a porous plaster off my back!"

Hidden Treasures.

The various "hiding holes" to which valuables were transferred from the British museum during the war are disclosed in the report of that institution for 1918. Objects in the departments of antiquities, including the Frieze of the Parthenon, the best of the Greek vases and bronzes, the chief Assyrian bas-reliefs, the Rosetta stone, and the finest objects of mediaeval art, together with practically the whole collection of coins and medals, were transferred to a station on the newly completed Postal Tube railway, some 50 feet below the surface of Holborn. Fifteen vanloads of treasures were transferred to the National library of Wales at Aberystwyth.

"Yes, and not grasping in his methods, either."

"No?"

A Frank Discussion.

"Mr. Grabcoin, would you consider me an eligible son-in-law?"

"Dr. Dobson, have you ever done anything that would justify me in considering you an eligible son-in-law?"

"Well, if you eliminate the time I've put in playing pinochle with you, I can't truthfully say I have."—Birmingham Age-Herald.

"Don't eat too much sugar," said the doctor.

"You're behindhand," replied the patient. "The grocer said that several hours ago."

Powerful Stone-Crusher.

What is reported to be the largest gyratory stone-crusher ever built has just been completed at Allentown, Pa. The machine is to be used for crushing limestone for chemical purposes, flux, etc. It has two jaw openings, each 60x100 inches, and an estimated capacity of 2,500 tons per hour, reducing to eight inches. The crusher complete weighs about 800,000 pounds, is 17 feet 8 inches high from foundation to top of hopper, and has a shaft 21 feet long and 40 inches in diameter.

BETTER CITIZENS AM. LEGION PLAN

CO-OPERATE IN EFFORTS TO STAMP OUT ILLITERACY.

FOR AID TO FOREIGNERS

All Members of Legion to Work Effectively for All That Is Best in America.

New York, March 10.—Cooperation of American Legion posts throughout the country with every effort to stamp out illiteracy was advocated by the legion's national Americanism commission in reports to the national executive committee, made public here today.

Arthur Woods, formerly police commissioner of New York, commission chairman, stated the commission had decided to confine itself to definition of "general principles," and to leave the application of these principles to individual posts.

"The best work the legion can do," the report said, "will be that of separate posts all over the country, each devoting itself to conditions in its own community and striving by do all it can to promote the public welfare, to stimulate good citizenship by both example and precept and to strengthen the power of other individuals and organizations working toward the same end.

No "Monopoly of Patriotism."

"All posts should make it plain to the community that they are not assuming any monopoly of patriotism, but that they wish to work vigorously and effectively for all that is best in America, and that they are eager to join forces with all others who have the same aim.

"The American Legion should encourage, support and help the schools," the report continued, "in teaching to the children the origin and development of American institutions and the opportunities of American life. The legion should assist schools by offering from time to time for every school in the nation to preach Americanism, especially for our great patriotic days."

Every inhabitant of the country should be taught to speak and read the American language, the report urged, adding:

For Aid to the Foreigner.

"Wherever there are foreigners, whether they are just landing on the dock or are established in the community, members of the legion should befriend and endeavor to help them along the road toward good American citizenship."

Injustice is "the only agitator that eventually need be feared," the report added, "and it should be made plain in all quarters that the legion stands for the reconciling of all citizens by the removal of all unjust conditions wherever found." Members of the legion are called upon "to keep the law, to influence others to do so, and in every lawful way to assist officials charged with the enforcement of law and order."
